The Presbyterians Seek To Outlaw Liquor In Hawaii

SECRETARY GARFIELD FORWARDS TO GOVERNOR FEAR LETTER
FROM TEMPERANCE COMMITTEE OF GENERAL ASSEMBLY OF
PRESBYTERIAN CHURCH IN UNITED STATES PRAYING FOR LEG-
ISLATION TO OUTLAW LIQUOR TRAFFIC IN HAWAIIAN ISLANDS.

Governor Fear has acknowledged to James R. Garfield, Secretary of the Interior, the receipt of a copy of a letter from the Temperance Committee of the General Assembly of the Presbyterian Church in the United States to the President, dated January 14, "petitioning for the enactment of such legislation as shall outlaw the liquor traffic in the Hawaiian Islands." The Governor says the letter "will have due consideration."

The letter of the Presbyterians is as follows: The Temperance Committee of the General Assembly of the Presbyterian Church in the U. S. A.

Room 72, Conestoga Building, Pittsburgh, Pa., January 14, 1908. To the President of the United States, Sir:—Among the notable utterances, in your messages and other public documents, the remembrance of which will be cherished by American patriots, we beg to cite the following from your last Thanksgiving proclamation:

"Let us there as a people set our faces resolutely against evil, and with broad charity, with kindness and good will toward all men, but with inflexible determination to smite wrong, strive with all the strength that is given us for righteousness in public and in private life."

And the following also from your last message to the Congress:

"This nation's foreign policy is based on the theory that right must be done between nations precisely as between peoples. We have behaved, and

TO MOVE NAVAL STATION THIS YEAR

PRESENT HONOLULU RESERVATION TO BE TURNED OVER TO THE
ARMY—MINE-LAYING VESSEL SOON TO COME—COAL STORAGE
FOR NAVY TO BE DIVIDED FOR SOME TIME—WIRELESS PLANT
WILL BE DUPLICATED.

Within the year the Naval Station now on the Honolulu waterfront, will be moved to Pearl Harbor and the Army will take over the buildings now occupied by the Naval headquarters here, probably together with the entire Naval reservation of which five and three quarters acres were recently ordered transferred for the use of buildings for stores and supplies for mine protection.

At present the Naval headquarters, the naval wharves, the camp of the Marines and a lot of unused area is the property of the Navy. The channel wharf belongs to the Territory, but is soon to be transferred to the Federal government for use for Army transports, altogether, or for whatever use the Army sees fit.

With the moving of the Naval headquarters from Honolulu to Pearl Harbor will come a lot of changes looking to the general advance here in army and navy work. The buildings which will be erected at Pearl Harbor to accommodate the Navy headquarters will as far exceed the present structures in Honolulu as the present structures exceed the first Naval office established here.

With the establishment of Naval headquarters at Pearl Harbor and the building of barracks there for the fifteen hundred Marines to be located at Pearl Harbor the present Honolulu reservation will take on a great Army activity in the business of stores, fuel, ammunition and general Army supplies.

The present wireless plant at the

Honolulu Naval station will be used by the Army and the Navy will put up its own wireless station at Pearl Harbor. A corral will probably be established on what is now the Naval reservation but which will be taken over by the Army, for the accommodation of Army horses and mules landed here for cavalry, field guns and commissary work, and for the exercise of animals en route from the mainland to the Philippines in transports.

Coal supply for ships of the Navy may be divided between Honolulu and Pearl Harbor storage, but this, as are most details concerning the change, is indefinite, the military authorities necessarily confining their energies to what is immediately required.

In regard to the use of the five and three quarters acres just ordered transferred for location of storehouses and shops for submarine mines, it is supposed that the acreage noted lies at the extreme makai end of the Naval reservation on the Walkiki side of the Honolulu channel and there will be a wharf there for the use of the mine-laying vessel to be assigned here before long. Which of the numerous mine-layers is to be ordered here cannot be said, but her orders are expected to bring her here soon.

As to the stationing of Marines on this island, official publications have for sometime shown that fifteen hundred were to be placed here. One third of that number is here already. The rest will follow shortly. There is talk of four hundred coming in the next trip this way of the cruiser Buffalo.

DR. ATCHERLEY LEFT IN SHERIFF'S CARE

AFTER MUCH TALK ON QUESTION OF WHETHER DR. ATCHERLEY SHOULD NOT BE IN CUSTODY SUPREME COURT REMANDS HIM TO SHERIFF TO BE CARED FOR IN HIS OWN RESIDENCE.

At one o'clock the Supreme Court continued the hearing of Dr. Atcherley's case until Wednesday at 10 o'clock and gave Dr. Atcherley into the custody of the High Sheriff to be kept at his (Atcherley's) home.

"Pending our consideration of this question, Dr. Atcherley will retire to the place whence he came and return here at one o'clock, and the Attorney General will see that he is not molested."

Chief Justice Hartwell delivered the foregoing dictum of the Supreme Court after consultation with Associate Justices Wilder and Ballou, at a quarter to

twelve noon, following a long argument of the Atcherley case in its existing phase by Attorney General Hemenway and City and County Attorney Cathcart for the Territory and J. Alfred Magoon for Dr. Atcherley.

The doctor attended by Mrs. Atcherley were conducted into the Supreme Court's presence at 10 o'clock this morning by their attorney, Mr. Magoon, for a hearing on the appeal of the Territory from Judge Robinson's judgment releasing Dr. Atcherley, under a writ of habeas corpus, from the custody of Dr. Peterson, superintendent of the Insane Asylum.

Mr. Hemenway argued that the ap-

PREMATURE CAVILLING

SUPERINTENDENT CAMPBELL OBJECTS TO KICKING AT COURTESY
TENDERED TO HILO PEOPLE.

Referring to the satirical criticism of the editor of the Hilo Tribune on the preliminary plans of the Hilo courthouse, Superintendent of Public Works Marston Campbell said today: "He might have looked for the definition of 'preliminary' in Webster's Dictionary."

"That is all the plans are, preliminary, and they were sent to Hilo for criticisms and suggestions of a practical sort from the people of Hilo."

"It is evident that the editor of the Tribune has not taken this action of the department in the proper spirit. The preliminary plans are something on which to found an appropriation to be asked of the Legislature. They are merely suggestions to various officials who are to occupy the building to express their ideas in regard to the arrangements and other details. These are all matters of adjustment."

"Proper and decent criticism is always appreciated and desired by this department, whose operations interest the masses of the people, and expressions of opinion are regarded as of immense value in the preparation of plans for public works."

"Heretofore such things have been presented to the Legislature in the form of generalities. This method of laying details of proposed works before the legislature is something definite on which public opinion is given a chance for expression before the appropriations are voted."

Sidney Turner, a well known Honoluluite and one of the pioneer residents in Palolo valley has returned to town and will relocate here. He has been engaged in business in San Francisco but has his heart yet in Hawaii.

Missionaries from China, Japan and Korea will speak this evening at 7:30 o'clock at the Adventist Church, 767 Kinnaird street. All interested in missionary work are cordially invited to hear of work in the countries named.

TAG DAY \$3,235

Superintendent Rath of the Palama Settlement Mission this afternoon reported the total of the Saturday "Tag Day" collections to "save the babies" to have been \$3,235.88.

That was the amount this afternoon deposited in the bank as the result of the efforts of the 325 white-costumed girls and chaperones tagging all whom they could catch for nickels, dimes and larger coins for the cause.

Some must have given pennies to have brought the total to the odd 88 cents.

The amount is considered to be a splendid showing. Had it not rained during Saturday afternoon, however, it might have been several hundred dollars more.

peal should act as a supersedeas to the release of Dr. Atcherley pending the determination of the appeal. Asked by the court if the prosecution was ready to argue on the constitutional question involved, he said it was not as Mr. Cathcart whom he wished to argue on that point was engaged with a murder trial. They would be ready in the afternoon. The court found one o'clock agreeable to all.

While Mr. Magoon was arguing that it was unheard of to stay the release of a subject under habeas corpus, he intimated that Judge Robinson had released Dr. Atcherley on finding that he was sane. This brought a question from the court as to how Judge Robinson became convinced of his sanity.

"Judge Robinson had three quarters of an hour's conversation in his chamber with Dr. Atcherley," was the reply.

Justice Ballou asked, "Suppose Judge Robinson found that Dr. Atcherley was insane and yet discharged him because the law of commitment was unconstitutional?"
